FULL TIME RESEARCH ASSISTANT POSITION IN IMAGE PROCESSING

An immediate FULL-TIME research assistant position is now available for the right candidate to participate in an exciting collaborative project between Tunku Abdul Rahman University College (TAR UC) and University Malaya. The project, which is funded by the Malaysian Ministry of Higher Education under the Fundamental Research Grant Scheme (FRGS) will investigate the development of an intelligent system to provide a quantitative and more consistent approach to determine the quality of latex.

The position is open to Malaysians who has obtained an honours BSc/BEng degree, Advance Diploma or equivalent qualification recognized by the Malaysian Government in Computer Science, Electronic & Electrical Engineering, Mechatronic Engineering, Mechanical Engineering, or a related discipline with a minimum CGPA of 2.75. Priority will be given to candidates with strong analytical and communication skills as well as some working knowledge of mixed methods (qualitative and quantitative) research. He/she is also expected to register for a Masters degree by Research (for further information, please contact Assoc. Prof. Dr. Lai).

The successful candidate, based in Kuala Lumpur will receive the usual research assistant stipend, viz, living expenses support, etc. for a maximum duration of 2 years. Interested candidates should send in their expression of interest and their CV to,

Assoc. Prof. Dr Lai Weng Kin
