TO ALL STUDENTS

ADVICE TO STUDENTS DURING EXAMINATION

The outbreak of Influenza A (H1N1) in the country has escalated to a level that is of grave concern to all. The College appreciates the cooperation and civic sense displayed by both staff and students in taking the necessary precautionary measures to help mitigate the spread of the virus among the TARC community.

While the College continues to monitor the A (H1N1) situation, please note that all scheduled classes and examinations will continue as usual. In case any College Campus is to be closed, students will be notified through the College notice board and website (www.tarc.edu.my) regarding the examination.

During the examination period, students with flu-like symptoms such as fever, cough, sore throat, runny nose, headache etc. should seek advice from the medical doctor as to their fitness to sit the examination.

Those who are in the high-risk group are advised to wear mask during the examination.

Your cooperation and understanding is most appreciated in the interest of the Tunku Abdul Rahman College community.

Thank you.
