

# Shimano Scholarship 2020

Shimano began as a humble foundry in the early 1920's in Sakai City. Through years of hard work and innovation through research and development, Shimano has grown rapidly and is today's world's leading bicycle components and fishing tackles producer, employing 11,600 employees worldwide. To contribute to the field of engineering and professionalism, Shimano Components (Malaysia) Sdn Bhd is pleased to offer scholarships to eligible Malaysian undergraduates who pursue full time bachelor degree courses at Tunku Abdul Rahman University College (TAR UC). Upon graduation, the scholarship recipients will be offered suitable jobs for an exciting and challenging career in Shimano.

## Preferred Discipline:

- Mechanical Engineering
- Mechatronics Engineering
- Electrical and Electronics Engineering
- Accounting and Finance
