

TAR UC Graduate Ranks Among Nation and World's Best

Tunku Abdul Rahman University College (TAR UC) Bachelor of Commerce (Hons) graduate Chew Chen Wah was named second in Malaysia and fourth in the world for the ACCA Advanced Financial Management paper in the June 2021 sitting.

Chew credited his lecturer and tutor, Dr Wong Pik Har, for inspiring him. "After completing my first coursework test, Dr Wong told me that I had a knack for the subject and that I could perform well in the ACCA examination if I was willing to put in the effort.

"Her kind words spurred me on to work harder and to improve on my weaknesses in order to excel in the June examination. "She was very committed and even went as far as to conduct additional classes for us every Saturday morning," he said.

Chew, who started work at Deloitte Malaysia's tax and legal department on Aug 2, said he spent a lot of time practising past year questions under timed condition to improve his time management. Sharing his success tips, he said students must have sound technical knowledge.

"Avoid rote learning. Clear, in-depth understanding is the key to doing well. "Don't rush the learning process. If necessary, take a little more time to truly understand the complex technicalities of the syllabus," he advised.
