

TAR University College In the Limelight

STAREDUKATE

26 June 2016

Celebrating 50 years: TAA president Datuk Yap Kuak Fong speaks on the project.

More information: Project chairperson Jade Lim Lay Yoke provides more details.

Celebrating success stories

THE TARCian Alumni Association (TAA) is embarking on a project entitled “Colours of TARCian” to mark Tunku Abdul Rahman University College’s 50th anniversary celebrations.

Fifty success stories of TARCians from all walks of life will be featured in a coffee table book which in turn will inspire students, parents and alumni. It will feature articles in English and Chinese and a three to five minute video clip for each story.

These are to showcase the contributions of TARCians to the society. It will serve as a testimonial and portfolio for all TARCians as well as promoting a sense of pride in all TARCians.

The interviews are targeted to be completed by December 2017 and the work on the commemorative book and video clips containing the 50 success stories of TARCians are to be completed in 2018.
